

EXCELLENT DINNER: commented Marvin, age 9, and his younger brother, David, age 7, as they spent an enjoyable evening at BBQ Pete on Hawthorne Boulevard at 11th Street. With them is their favorite teacher, their mother, Mrs. John Reynolds, who teaches at Peary Jr. High in Gardena. Mrs. Reynolds is hostess at the First Christian Church in Inglewood. The boys collect unusual pets as a hobby, when they are not too busy running their electric trains. Both the boys and Mrs. Reynolds agree that for an evening out their favorite dining spot is the Famous BBQ Pete.

ON CAMPAIGN TRAIL . . . Councilman Willys G. Blount, seeking his third term as a member of the city council, hit the campaign trail with a mobile headquarters this week. The only incumbent on the council ballot, Blount is taking his trailer headquarters to all parts of the city to discuss neighborhood problems with residents.

Auditions Set Tonight for Talent Show

The first audition of talent for the Kiwanis Kavalcade of Youth Show will be conducted by Roy Gordon, producer of youth shows, today at the Torrance Civic Auditorium. All specialty acts, groups, and individual performers will be auditioned between 4 and 6 p.m. at the Civic Auditorium, corner of El Prado and Cravens. Auditions are preparatory to aligning the Kiwanis Kavalcade of Youth Show which will be presented Friday and Saturday nights, May 2 and 3 at the Civic Auditorium. The entire show will be comprised of approximately 250 local youths and several professional entertainers. Gordon states that "the experience, training, coaching and fun derived during the six weeks of rehearsal is invaluable to the participants and is absolutely free. If you have talent or just like to sing and dance, come on out to our first audition this Thursday at the Torrance Civic Auditorium."

Further information concerning the Kiwanis Kavalcade of Youth Show may be obtained from members of the Torrance Kiwanis Club.

Civic League Heads Named

Some of the chairmen of the League, which has 380 members, will be Mrs. David Fay, membership; M. S. Goodwin, hospitality; Vincent Lechner, zoning information; Mrs. L. E. Ross, publicity; Mrs. Bruce Schweitzer, ways and means; and Mrs. A. B. Trefethen, sunshine.

STRONGER LEAD

The addition of a small percentage of tellurium doubles the strength of lead and also increases its resistance to heat, corrosion and vibration.

"22 ton" is a lot of weight. And being 16 feet high by 30 feet wide doubles the shipping problem.

Which is why Union Pacific Railroad was selected to transport these huge "electrolytic cells" from Torrance, Calif. to the new Harvey Aluminum reduction plant at The Dalles, Oregon. The cells are used to process alumina into metallic aluminum which Harvey converts to pig ingot and billet.

250 of these custom-fabricated "pots," each weighing 44,440 pounds, were loaded two to a specially equipped gondola car, and transported on schedule—easily, efficiently and economically, over the super smooth roadbed for which Union Pacific is famed.

This points up one of the many reasons why you can always look to Union Pacific for the experience, equipment and special facilities for the finest in freight- and passenger-service.

Whatever, wherever you ship—be sure to check with your Union Pacific representative. He'll be glad to show you why it pays to—
